

STATEMENT OF MAYOR SALLY HUTTON

I have cancer. I am being treated locally at Reid Hospital and am fortunate to have excellent physicians working for me. I have undergone radiation and chemotherapy. I will be undergoing some tests so my doctors will have more information on the extent of my cancer. My Doctors tell me what I need most at this time is rest.

I have been in daily contact with some of my City staff. They have been very helpful in working with me and in keeping me updated on City matters.

I am keeping up with City of Richmond matters and am making decisions for Richmond in my capacity as Mayor.

I deeply appreciate the outpouring of prayers, concerns, flowers and notes from so many of you. It has been truly amazing. It is helpful and encouraging to me to have that support.

At this time I will not be making any additional statements about my medical condition. I thank the citizens of Richmond for honoring my request.
